EMIPF

UAE CENTENNIAL 2071

**Be Part of the Future...
Design Now!**

"The future belongs to those who can imagine it, design it, and execute it. It isn't something you await, but rather create."

HH Sheikh Mohammed bin Rashid

Dear Prof. Orhan Ardahanlı

Emirates International Poster Festival (EIPF) is a unique creative platform in the MENA region developed to showcase and celebrate contemporary poster design from around the world.

This is an initiative of the Cultural and Scientific Association (NADWA) in Dubai to expand creative expression and to promote graphic design practice and creative thinking in the MENA region. Posters provide an invaluable form of visual communication for sharing information, human thoughts, response to local and global issues, promoting products or services.

In this 4th edition, EIPF will select 100 designers to introduce poster images that reflect the theme of UAE CENTENNIAL 2071.

We look forward to the original interpretations and contributions from participating designers.

HE Bilal Rabal Al Bodour
Chairman of NADWA and the EIPF

FUTURE
UAE CENTENNIAL 2071
